Smellarchive_children's workshops SISSEL TOLAAS

26th, 27th, 28th & 29th January 2019

3:00pm - 6:00pm

Rio Complex

60, Kumaran Ratnam Road, Colombo 02

Sissel Tolaas is a smell researcher, artist, chemist and smell theorist whose practice bridges several disciplines by focusing on smell as a way of detecting and corresponding with the planet and diverse communities. Smellarchive_children's workshops will take the nose as primary tool while addressing sentient knowledges of the Indian Ocean, the dangers of pollutants and marine resources as a shared heritage.

Limited capacity. Prior registration is required.

To register for programming please contact:
