

ALGORITHMIC STORYTELLING

STEP 1

ALGORITHMIC STORYTELLING

STEP 2

HOW TO TELL A STORY LIKE AN ALGORITHM

Create a story using the same robotic approach as an algorithm.
You can do it alone or with a friend.

IMPORTANT:

Don't look at **STEP 2** until you have completed **STEP 1!**

STEP 1 | Fill in the blanks

- ① Type of video: _____ videos
 - ② App where you watch videos: _____
 - ③ A celebrity you don't like: _____
 - ④ Something silly or gross: _____
 - ⑤ A character from a book or movie: _____
 - ⑥ A bad habit: they _____ (present tense verb)
 - ⑦ Funny animal: _____
 - ⑧ Household activity: to _____ (infinitive verb)
-

STEP 2 | Fill in the blanks with the words selected in Step 1.

Just as your interest in ① _____ videos on
② _____ triggers a wave of recommended
[repeat ①] _____ videos, ③ _____ 's
interest in ④ _____ has the same effect on the same
platform.

Algorithms are trained on data, unknowingly collected even from

- ⑤ _____ . Just like you, everyone who designs algorithms
⑥ _____ . This influences their decision-making,
and therefore the algorithms they create. That's why algorithms can make the
same bad decisions as a ⑦ _____ that tried to
⑧ _____ .
