SPRACHANGST

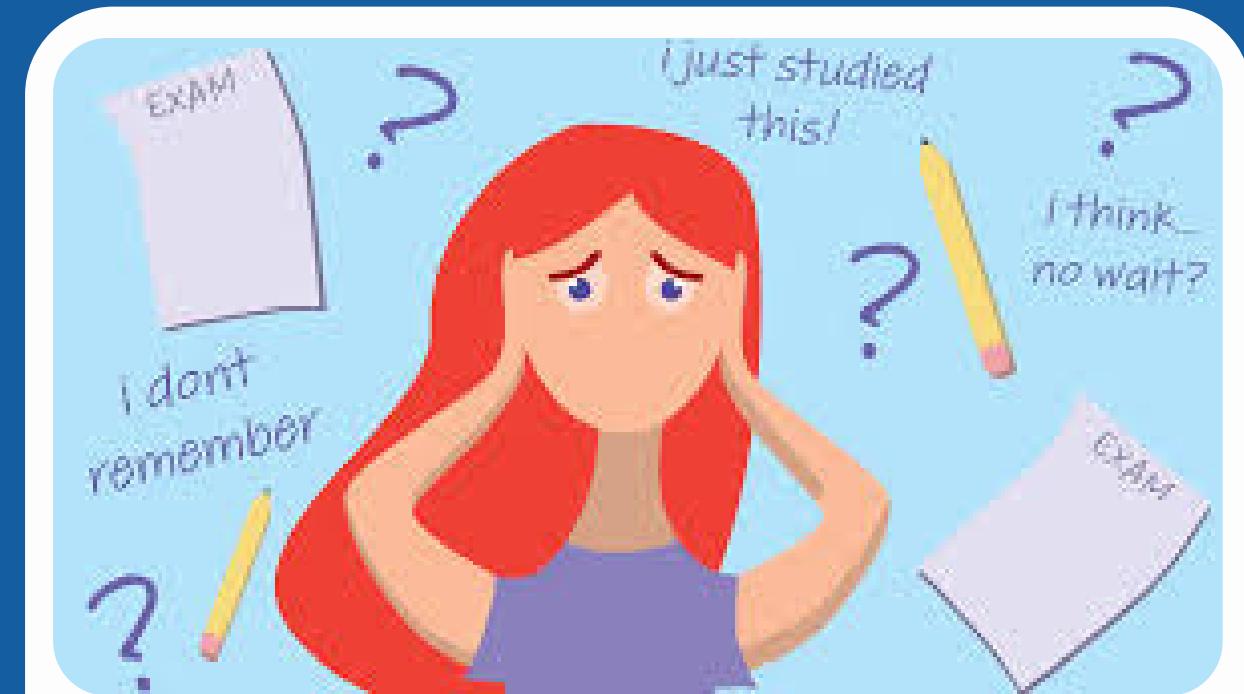

DIE NERVÖSITET UND ÄNGSTLICHKEIT DER SPRACHE GEGENÜBER

“I just know I have some kind of disability: I can’t learn a foreign language no matter how hard I try. When I’m in my Spanish class I just freeze! I can’t think of a thing when my teacher calls on me. My mind goes blank.” (Horwitz et al. 1986)

ANY QUESTION

The background of the slide shows a group of approximately ten children of various ages playing together in a grassy area. They are wearing casual clothing like t-shirts and shorts. In the background, there are several houses with brick facades and white-framed windows. Some children are sitting on the grass, while others are standing or running around. The overall atmosphere is one of a fun outdoor play session.
