OPEN CALL

for **Artists** | **Creatives** | **Curators**
Deadline | *Sunday, 17. November 2024*

Ethiopia

Through the medium of the arts, EUNIC Ethiopia's "**Stations of Culture - Stations of Dialogue**" project nurtures dialogue with the purpose of building social cohesion and peace within times featuring reduced spaces for civic society and creative expression. By curating engaging cultural experiences on sites along the first Addis Abeba - Djibouti train line and related sites across Ethiopia (and possibly Djibouti), the project creates innovative platforms for cultural exchange, artistic expression and open dialogue for a period of six weeks between March and May 2025. The "Stations" project explores contemporary European and Ethiopian cultural approaches for dialogue beyond the usual audiences residing in the capital and towns along the first 800 km Ethiopia - Djibouti railway.

The project thus aims to spark lasting dialogue at three levels: between EUNIC Ethiopia members and their local partners, between the participating European and Ethiopian artists, and amongst the audiences participating in the cultural experiences.

WE ARE LOOKING FOR

Proposals for cultural and artistic projects that:

- ▶ Use engaging formats to promote public discourse and free artistic expression
- ▶ Feature open, participatory and engaging content that audiences can experience in both physical and virtual public spaces
- ▶ Bring together different artists and creatives from the creative sectors in Europe and Ethiopia

Challenge the traditional ideas about how art and creative content should be made and experienced

- ▶ Use art and creativity to highlight important social and environmental topics in creative communities or society overall
- ▶ Highlight the value of art and creativity

Be advised, proposals will need to be submitted until 17. November 2024.

Individual artists, ensembles and creative enterprises can apply with their ideas.

Selected creative and cultural activities, especially those focusing on open dialogue and peace building, will be presented to the public in the cities of Addis Abeba and Dire Dawa.

Cross-format activities or art projects that combine physical and digital experiences are highly valued.

NOTE:

"Station of Culture - Stations of Dialogue" is a project by EUNIC Ethiopia and their partners. EUNIC – European Union National Institutes for Culture – is Europe's network of national cultural institutes and organisations, with 36 members from all 28 EU member states.

As such, art projects and cultural activities that promote open exchange between artists based in Ethiopia and Europe are given special consideration.
