# AND THE PRIZE GOES TO!

Whether it be musicians, actors and actresses, singers and athletes:  
We all have our favorites.

Do the students in your partner class have the same favorites as  
you? Let's find out!

## YOUR ASSIGNMENTS

1 

In a small group, create a list of each  
member's favorites for your given  
category.

For example: musicians, actors and  
actresses, singers, or sports figures.

2 

Meet as a whole class and combine the  
group lists. Note the number of times a  
specific name is listed.

3 

Determine the **top five names** selected  
by the class.

4 

Share your list with the students in  
your partner class.

Are there names in common? Do any of  
the top five listed surprise you? Why?
